DUNDURN RURAL WATER UTILITY

Date of Offer: _____

Authorized signature

Acceptance:

1. The Applicant hereby accepts the above Offer.
2. The Applicant agrees to the terms and conditions of the Subscriber Agreement which the Applicant hereby executes in conjunction with the acceptance of this offer, all to be effective once the final approval by the Utility has been given relating to the within application.

APPLICANT: _____

Date of Offer: _____

Authorized signature

(continued on page 3)

Terms and Conditions:

1. Definitions:
 - a. "Applicant" means the applicant described on the first page of this Agreement, and making this application;
 - b. "Curb Stop" means a single connection from the delivery system to a Subscriber;
 - c. "Curb Stop Valve" means the valve installed on the line supplying water to a Subscriber;
 - d. "Delivery System" means the water system infrastructure owned and maintained by the Utility that supplies and distributes water to the Curb Stops;
 - e. "Land" means the land described on page 1 of this Agreement;
 - f. "Point of Delivery" means the Subscriber side of the Curb Stop Valve;
 - g. "Manifold" means the valve and metering assembly which is installed in an end user's premises;
 - h. "Subscriber" means an end user that has an agreement for the supply of water with the Utility;
 - i. "Utility" means the Dundurn Rural Water Utility.
 2. The deposit is non-refundable except as follows:
 - a. If the Applicant withdraws the application, the deposit will be refunded at 50%.
 3. Upon approval of the Application, the Applicant must agree to a public utility easement that will be registered against the Land if this application is approved and the water service is provided.
 4. The Utility shall have a charge and lien against the Land for any unpaid fees or costs accruing in respect of the construction of the Delivery System.
 5. The Utility reserves the right to register a miscellaneous interest against the Land to ensure performance of the obligations of the Applicant under any agreement between the Utility and the Applicant, if it deems necessary or advisable to do so.
 6. The Applicant understands and agrees that:
 - a. The Utility is providing a delivery service only and is not the producer of the water and is subject to service conditions and interruptions that are not within the control of the Utility. As such the Utility cannot guarantee the quantity, quality pressure, continuous supply, or suitability for any purpose of water supplied by the Utility;
 - b. This Application is ONLY for the construction of the water supply system to the property line. A Subscriber Agreement is required for each curb stop.
 - c. The service provided by DRWU is a drip system only and a holding tank and pressure system will need to be installed in the residence or structure to provide household or commercial water pressure;
 - d. The Quotation will include the installation of a Curb Stop Valve at or near the property line of the Land, and for the supply and installation of a Manifold in each Subscriber's premises. The Manifold will remain the property of the Utility, and the Utility will remain responsible for the maintenance and service of said manifold;
 - e. The Applicant or Subscriber is responsible for the cost of providing, installing and maintaining a line from the curb stop to the Manifold inside Subscriber's premises and to an appropriate water reservoir and pressure system to supply domestic or commercial water pressure for the Subscriber, all of which must be done in accordance with the specifications of the Utility;
 - f. The Total Cost quoted by the Utility will be an **estimate only**, and the Applicant shall be responsible for actual cost of construction exceeding the estimate.
 7. The Applicant agrees and covenants with the Utility as follows:
 - a. To be subject to all of the Bylaws, Rules and Regulations of the Utility;
 - b. To pay all deposits, payments, fees, assessments and charges under this Agreement when and as they become due;
 - c. To comply with all current specifications and codes of the Utility and any other applicable public or regulatory codes for installation of any part of the Delivery System or on the Land that may be performed by the Applicant;
 - d. For Bulk User connections, this Application includes one Curb Stop, and the Applicant shall install an appropriate reservoir and pressure system for its own purposes;
 8. This Agreement shall enure to and be binding upon the heirs, executors, administrators, and permitted assigns of the Utility and the Applicant.
 9. This Agreement shall be interpreted and construed in accordance with the laws of the Province of Saskatchewan.
 10. Time shall be of the essence of this Agreement.
-
